Dear Mr. Sutton:

Your letter of July 22, 1982 to Mr. Stenzel, which was received on July 28, has been referred to me for reply.

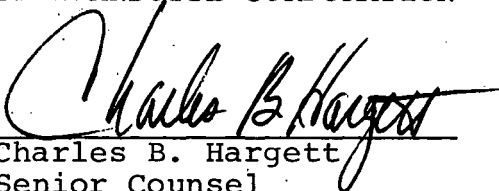

Since January 1, 1976, the beginning of the period in question, BASF Wyandotte Corporation (BWC) has divested several businesses and has undergone substantial re-organization. Additionally, many records covering the period of time in question no longer exist.

Some of the then BWC facilities which could have engaged in the activities about which you inquire, have been transferred to independent corporations. We have checked with these companies as well as with our own environmental protection personnel. As a result of these efforts, we must answer questions number 1) and 3) in the negative. This being so, questions 2) and 4) are not applicable.

Very truly yours,

BASF WYANDOTTE CORPORATION
